WARSAW, Auguſt 21.

THE Ruſſian Miniſter has received diſpatches from Count de Romanzow, dated at the camp near Zaldeſza, July 30, adviſing, that the overflowing of the rivers in Walachia and Moldavia had ſuſpended the operations on the Danube, and that it was thought they could not be begun before the middle of the next month.

It is ſaid, that the Spaniards do not intend to meddle or take any notice of the operations of the Engliſh on the Miſſiſippi, till a new ſettlement is actually formed there, when it is thought they will make capture thereof.

They write from the Hague, that a Dutch frigate is lately arrived in the Texel, with ſome intereſting advices from the commander of the Dutch fleet in the Mediterranean.

Extract of a letter from France.

"*The miſery of this kingdom is inconceivable. The faces of the wretched people are ground with taxes, while they have not bread to eat. The parliaments are deſtroyed and exiled. The moſt reſpectable men in France are torn from their connections, and immured in dungeons, or pent up in little cots and hovels, where there is hardly any neceſſary of life to be got for love or money.---Our rulers ſeem willing to try how much human nature will ſuffer. Were not the Dauphin ſuch a poor prieſt ridden ſimpleton, did not his weakneſs threaten us with greater calamities than thoſe which we endure, I believe a revolution would, ere now, have been attempted. But we are hopeleſs. Providence has abandoned us to diſtreſs and ſlavery.*"

Sept. 5. *We are aſſured that one particular which the Duke of Glouceſter has to tranſact with the Court of Liſbon, is to demand the delivering up the Argyle ſhip and cargo, which the Governor of the Braſils ſeized, on ſuſpicion of being a pirate.*

Sept. 6. *All the ſea-ports of Spain are open to the Dutch veſſels, whoſe trade with that kingdom is at this time more flouriſhing than it has been for ſeveral years paſt.*

A Parliament, it is ſaid, will be called this winter in Ireland, for the diſpatch of ſome buſineſs that was left unſettled at the laſt prorogation. The neceſſary ſteps have already been taken to weaken the power of the malecontents for this purpoſe.

The following account of the ſeizure of a Britiſh ſhip by the Governor of the Braſils, is ſaid to be authentic: The Captain of an Indiaman having hired the Argyle, a ſhip of 250 tons, on his own private account, for carrying out goods, which are ſtrictly prohibited by the Company, ſent her before him to the Canaries, where, it is ſuppoſed, his intention was to have taken them on board his own ſhip. The Company had ſo cloſely ſtowed and filled the Indiaman with their goods for Bombay, that the Captain found it impracticable to put his deſign into execution, therefore ordered the maſter of the Argyle to proceed to the Braxils. On his arrival there (the Indiaman was already at anchor) the Governor ſent his officers on board, as uſual, to make ſearch, and enquire their deſtination, but finding ſuch a quantity of arms on board, pronounced them pirates, and forbad their coming in. For ſeveral days they beat about the mouth of the harbour, when remonſtrating on their want of water, and other articles, they were ordered in under the fort, where the ſhip was ſeized, and the maſter and the crew committed to the dungeons, where they continued above five months, till accounts were ſent to Liſbon. At the expiration of this time they were ſent by a man of war to Liſbon, where they underwent an examination. The Crew were there diſcharged, and ſent to England, but the Maſter of the Argyle is detained. The ſhip and her cargo muſt, and will be delivered up, there being no reaſon for ſuppoſing them pirates; but it is imagined the Captain of the Indiaman will not be employed any more in the Company's ſervice, on account of this affair.

They write from Scotland, that at Irwin, while one Donaldſon, a labouring man, who had been deaf upwards of twenty years, was at work in the fields, he was ſtruck to the ground by a flaſh of lightning, but ſoon after recovering, he found, to his great ſurpriſe, that he was reſtored to his hearing.

It is conjectured, that a private negociation is actually begun by the Earl of Cheſterfield, that Nobleman having had ſeveral private conferences lately at Richmond.

We are aſſured, that great intereſt is making for the Office of Lord Mayor for the year enſuing, by three ſeparate parties, Adminiſtration, the Rockingham, and the Shelburne.

The opinion gains ground that a great law Lord, who lately reſigned the Seals, is the author of Junius; and when the report was ſometime ago mentioned to him, he only ſmiled, but did not endeavour to contradict it.

Very diſagreeable advices are received from the Eaſt-Indies, and it is ſaid that a new commiſſion of Superviſorſhip is determined on by the Directors, to prevent private ambition from ſacrificing the public good, and to remove the neceſſity of a new war with the interior powers of Indoſtan.

The two Under Secretaries of State have been down to Reading, and taken ſix ſheets of depoſitions relative to the fire at Portſmouth dock.

Sept. 10. *The plan for a coalition, now on the carpet, is aſſerted to be under the direction of the Lords Camden, Northington, and Cheſterfield.*

The Parliament of Ireland meets on the 8th of next month.

The Parliament of England is not to meet till after Chriſtmas.

A letter from Portſmouth, dated September 6, mentions, that the perſon who gave information concerning the ſetting the dock yard on fire, arrived there that day in cuſtody of one of his Majeſty's meſſengers, they having travelled all night; he was carried before the governor, to whom, it is ſaid, he gave information againſt a Romiſh prieſt, and a perſon who goes by the name of captain, both of whom left the town as ſoon as it was known what the informer was in cuſtody for. The letter adds, that ſeveral others there are ſuſpected of being concerned in the iniquitous tranſaction.

A few days ago a courier arrived in town, with diſpatches of the laſt importance from the court of Vienna; it is ſaid, that he alſo delivered ſome letters to the courts of Madrid and Verſailles on his way.

HAMBURGH, Auguſt 23.

Paris, Auguſt 23. Among the military arrangements, the militia of this kingdom is transformed into provincial regiments. The 104 battalions will form 47 regiments, which are to be called by the names of 47 principal towns. It is aſſured, that the Parliaments of Toulouſe and Bourdeaux will meet with the ſame fate as that of Douay. Though the Duke de Praſlin has been here ſome days, in conſequence of leave being given him to reſide here on account of his health, he is only permitted to ſee his own family, all other company being expreſly forbid.

Leghorn, Auguſt 14. Letters received here from the Levant import, that General Count Alexiowitz Orlow, two days after his arrival at Paros, gave orders that all the Ruſſian land and ſea forces in the Archipelago, ſhould be got together, in order to execute ſome important enterprize; that the Ruſſian fleet had already put to flight the Turkiſh ſquadron in the Black Sea; that the former approaches nearer and nearer to the Canal of Conſtantinople; and that the ſquadron of Vice Admiral Arff, which forms the Vanguard of the Ruſſian fleet, has taken the iſland of Taſſo, three miles from the coaſts of Romania.

Auguſt 18. We had accounts yeſterday from the Levant, mentioning, that the united Ruſſian fleet had not ſteered its courſe to the Dardanelles, but to Salonica or Theſſalonica, to take it, and by that means to be near General Romanzow's army, and facilitate their projected operations. The General, with the greateſt part of the army, intends attempting to force his paſſage into Bulgaria, at Nicopolis, and to proceed in his operations againſt Macedonia and Romania, ſupported by the fleet under Count Orlow, towards the effecting of which the help of all the Greeks in Macedonia will be of great ſervice. What will be the proceedings of the Auſtrian troops, who are aſſembled in great numbers on the frontiers of Boſnia and Servia, in caſe this ſhould all take place, will then be ſeen.

Sept. 10. It is not yet ſettled whether the preſent Lord Lieutenant of Ireland will continue in office this winter, or not; if there ſhould be any remove, Lord Suffolk is ſaid to be fixed on, at his Lordſhip's particular requeſt.

A noble Lord (Lord H-----d) it is ſaid, has bought upwards of 100,000l. in the three per cents. within this fortnight; and as he is ſoon to pay more than 200,000l. to government, he will pay them in *Government ſtock*, by which ſtroke of finance he will ſave at leaſt thirteen per cent. without cheating or defrauding government.

This day a packet was ſent off from the Admiralty-office, to be forwarded with all expedition for Sir George Rodney, at Jamaica.

Orders are ſent to Chatham for equipping a fleet of five ſhips immediately, three of which are to be of the line. Their deſtination is yet a profound ſecret.

Conſiderable wagers are held that Mr. Sawbridge, and not Mr. Croſby, will be Lord Mayor of London for the enſuing year.

They write from Portſmouth, that above ſix perſons have abſconded from thence ſince the beginning of Auguſt laſt.

A correſpondent ſays, proſecutions both from the Crown and Eaſt-India Company, are ordered againſt an eminent Tradeſman, who freighted the Argyle with military ſtores, iron, ſteel, copper, lead and other contraband articles, to the Canaries, to be put on board an Indiaman, deſigned for Heyder Ali, who has his agents at every port of India, where our ſhips are ſtationed.

According to letters from Peterſburgh, the Ottoman Porte, in order to accelerate the treaty of peace with her Imperial Majeſty, had made freſh propoſals, which were judged of ſo advantageous a nature, that a ſpeedy end will be put to the war.

Letters from Holland by yeſterday's mail adviſe, that the publication of the French Utrecht Gazette is prohibited for ſix weeks, on account of ſome paragraphs therein publiſhed, that have given offence to the court of France, of which the Dutch Ambaſſador at Paris has made complaints to the States-General.

The Induſtry, Williams, from South-Carolina for Oporto, is loſt on the bar of Oporto; ſix barrels of rice, and forty of cochineal, only are ſaved out of the whole cargo.

Extract of a Letter from Reading.

"*The famous Mr. Britain makes new and wonderful diſcoveries every day. The deſtruction of the Dock-yard at Portſmouth was not only an object, our natural enemies, aſſiſted by the miniſtry, had in view; it was at the ſame time determined, by the permiſſion of General C-----y, to deſtroy Woolwich, and ſeize on the Tower. Sir George C---l---e had engaged to burn the India Houſe, and Alderman H----r---y had 200 barrels of gunpowder under the Bank. In a word, nothing would have been wanting to complete the ruin of this devoted kingdom, but to ſet fire to the Thames, and that likewiſe would have been attempted, had not the vigilance of your patriotic Chief Magiſtrate, and active conſervator, deſtroyed all poſſibility of that belliſh ſcheme's ſucceeding.*

"*You may have a curioſity to know ſomething of Mr. Britain: He is a ſpirited, lively, ingenious young man, of the quickeſt parts, and moſt refined invention; the deſperate ſtate of the nation, occaſioned by the villainy of the miniſtry, drove him lately to ſome little acts of imprudence in the forgery way, which government, it is believed, will be mean enough to take advantage of; but we are in hopes here, that he will be ſupported and protected by all true patriots, in which caſe you need not doubt, my dear friend, but that he will make a moſt capital figure in the hiſtory of this country. In return, pray ſend us ſome anecdotes of Mr. Dudley, and oblige yours, M. S.*"

Sept. 12. We are aſſured there is no foundation for the reports of a treaty being on foot between the Courts of Berlin, Copenhagen, Peterſburgh, and London, in the manner of the Bourbon compact.

Laſt night a very numerous and reſpectable meeting of the livery of London was held at the Half Moon Tavern, in Cheapſide; when it was unanimouſly agreed to ſupport the preſent Lord Mayor at the enſuing Election, on Monday, the 30th inſtant, and to maintain their own independency, in oppoſition to all miniſterial influence.

Great preparations, we hear, are making by the Croſbyan and Harleyan parties, for a general engagement in the plains of Guildhall, on the 30th of this month; and from the apparent animoſity on both ſides, it is expected the conteſt will be very hot, and the battle bloody. The ground, it is ſaid, will be fought inch by inch, as the Generals of each army are determined to conquer or die.

Yeſterday a perſon, who goes by the name of Capt. S. whether in the militia or marines, is uncertain, was taken into cuſtody of the proper officer, charged, on the information of Dudley, with being concerned in the late fire at Portſmouth.

Dudley, whoſe informations have made ſo much noiſe in the world, is the ſon of a gentleman of a very genteel fortune in the Weſt of England, and has received a very liberal education.

One day laſt week an officer of the cuſtoms at Rocheſter, ſearched a young Lady's high head on an information, and found concealed in her roll a large quantity of foreign lace, which he ſeized; it is thought this new mode of ſmuggling has been practiſed with great ſucceſs, but by the above diſcovery the Ladies heads will be often ſubject to an examination, which will diſcommode the œconomy of their hair. If this fact ſhould induce the fair ſex to lower their heads to a moderate ſtandard, it will be a full proof that Cuſtom-houſe officers are a uſeful body of men.

QUEBEC, October 10.

On Thurſday, the 26th of September laſt, between the hours of 4 and 5 in the evening, happened the following extraordinary accident, viz.

Upon the arrival of a young man, in a Caleche, at one Joſeph Renaud's door, in the pariſh of St. Peters, South-River, the earth opened, ſwallowed up, and buried him under its maſs, together with the carriage and two horſes. There were in the houſe a woman, two girls, and a young lad, the latter perceiving this extraordinary accident, cried out, let us ſave ourſelves, at the ſame time going out of the houſe to make his eſcape, when he ſaw the earth again opening about 18 feet wide, which obliged him to retire, but the woman, who likewiſe endeavoured to ſave herſelf, was ſwallowed up; the lad was returning into the houſe where the girls had remained, in the greateſt conſternation and fright, when all on a ſudden it fell down, was carried to about the diſtance of an acre and an half from where it ſtood, and buried in the river, under an enormous maſs of land, which prevents any part of it being ſeen except the end of one of the rafters; notwithſtanding the lad was only found up to the ſhoulders in the earth, and whoſe doleful cries brought ſome people to his aſſiſtance, who had almoſt dug him out, when the barn, which was at a greater diſtance than the houſe, fell, and was likewiſe ſwallowed up in the abyſs, this obliged the people to leave the lad, who continued calling for their aſſiſtance; but a little time after, notwithſtanding the danger, they returned and ſaved him.

This immerſion has formed a bank at leaſt three acres broad, the height of which exceeds the ſhore by about 15 feet; it has ſhut up the channel of the river in ſuch a manner, that the waters had not ceaſed to re-flow the 29th, and left it quite dry below the bank.

It is a difficult matter to diſcover the cauſe of ſo extraordinary a falling, as there was not the leaſt ſign of an earthquake, and as it was a hill, the declivity of which to the river was very gentle: Yet, as the land formed a ſmall creek, againſt which the waters ſtruck, and had cut a very deep channel therein, it is to be preſumed, that having by degrees waſhed away the earth, which is of a very ſoft clay, it had, in courſe of time, made a ſubterraneous paſſage: This appears the more probable, as in the place where the land ſunk, there appeared a deep pit, about 60 feet perpendicular.

It is to be obſerved that ſome days before this accident, the chimney ſeemed to the maſter of the houſe to have ſunk, and a few ſtones had fallen down.

On the whole, we leave to the conſideration of perſons of better judgment, to give ſome more natural reaſons for the above fatal event.

NEW-LONDON, October 18.

Laſt Wedneſday the Brig Humbird, Capt. Solomon Kellog, arrived here in 17 days from Turk's Iſland; on the 22d of September, he had a ſevere hurricane, when 9 ſail of Bermudian wreckers, and a ſloop, Iſrael Abbot, of Middletown, late maſter, were drove on ſhore, and entirely loſt; a ſchooner belonging to Newbury or Salem, cut her cables, and put to ſea, but ſuppoſed to have drove on the Keys, and loſt.---During the gale Capt. Kellog ſaw three brigs and a ſnow run by the iſland under jury-maſts; a ſchooner belonging to Salem came into the iſland, having loſt her bowſprit, boom and boat; and a Bermudian ſloop alſo came in, that had her waiſt on one ſide ſtove in.

October 25. Capt. Stillman from St. Martins, had the hurricane in lat. 30, when he run by a large ſchooner which was on her beam ends; he ſaw ſeveral perſons on board who called to him for help; but it was not in his power to afford them any: The ſchooner had a white bottom, and red ſtreak; thought to be one Capt. Brown, from St. Martins, bound to Virginia.

BOSTON, October 28.

A Paragraph in the Maſſachuſetts Spy, of laſt Thurſday, ſays, "That Capt. Preſton, who was lately juſtified for killing ſome Rioters on the 5th of March 1770, has had a ſtill further Compenſation from his Sovereign for his Services, having conferred on him 500l. ſterl. to recruit him in what he expected, and alſo a Penſion of 200l. per Annum."

By a Perſon lately arrived from Jamaica, we learn, that his Majeſty's Ships of War on that Station had ALL ſailed to the Spaniſh Main; the Deſign is a profound Secret, and cauſes much Speculation there.

NEW-YORK, November 4.

On Wedneſday laſt the Sloop Jenny, Francis Lowndes, Maſter, arrived here in 19 Days from Turks-Iſland, in a very diſtreſſed Condition. Soon after they left the Iſlands, the Captain and moſt of his People were taken ſick, principally owing to their having eat a poiſonous Kind of Fiſh at St. Thomas's. The Veſſel about the ſame Time ſprung a Leak, ſufficient to keep one Pump almoſt conſtantly going, and they have much Reaſon to believe, that had they not fortunately fell in with Capt. John Wilſon (in the Brig George, bound from Philadelphia to Cadiz, on the 25th ult. in Lat. 37, 35, two Days out, all well) who moſt generouſly aſſiſted them with what freſh Proviſions, and other Neceſſaries they wanted, they could not have got the Veſſel to Port, and therefore they conſider themſelves as bound in Gratitude to make this public Acknowledgment to Captain Wilſon for his Kindneſs.

PHILADELPHIA, November 7.

To RICHARD PENN, *Eſq; Lieutenant Governor of the Province of* Pennſylvania, *and the Counties of* New-Caſtle, Kent *and* Suſſex, *on* Delaware,

The ADDRESS *of the People called* QUAKERS.

WE wait on thee with ſincere Reſpect, to congratulate thee on thy ſafe Arrival, and Promotion to the Government of this Province, having much Satisfaction in every Event which renews our Hope, that the real Welfare and Proſperity of *Pennſylvania* will be advanced by the Deſcendants of our firſt worthy Proprietor, in their juſt and upright Adminiſtration.

The permanent Good of Mankind being the End and Deſign for which Government was inſtituted, we fervently deſire thy Mind may be influenced by Divine Wiſdom, to exert the Authority with which thou art entruſted, to ſuppreſs Vice and Immorality, and to promote Piety and Virtue, the Practice of which eſſentially concerns the Happineſs of the People, whoſe civil and religious Rights and Liberties being maintained by thy Care, may tend to unite all Ranks in the ſame noble Purpoſes.

We aſſure thee it is our firm Intention, by a Conduct conſiſtent with theſe Principles, to manifeſt our Thankfulneſs to Divine Providence for the manifold Bleſſings we enjoy, to demonſtrate our Fidelity and Gratitude to the King for his Clemency and Indulgence continued to our religious Society, and to contribute, as far as our Influence may avail, to render thy Government truly honourable to thyſelf, and beneficial to the People.

Signed in and on behalf of a Meeting eſtabliſhed to repreſent our religious Society in this Province, held in Philadelphia, *the* 22*d Day of the* 10*th Month,* 1771, *by* JOHN PEMBERTON, *Clerk.*

The GOVERNOR's ANSWER.

GENTLEMEN,

WHEN I acknowledge the ſingular Satisfaction which I receive from your reſpectful Congratulation upon my Arrival, and Promotion to the Government of this Province, I may venture to aſſure you, that I will uſe my beſt Endeavours to realize the Hope you have been pleaſed to entertain, that the Welfare and Proſperity of Pennſylvania *may be advanced by a Deſcendant of the Proprietary Family.*

Perfectly convinced that the Happineſs of Mankind depends upon the Preſervation of their civil and religious Rights, I ſhall chearfully exert every Power with which I am inveſted, to effect ſo valuable a Purpoſe.

I have not the leaſt Doubt but that your Conduct will demonſtrate your Fidelity, and Gratitude to the Crown; and when you kindly reſolve to uſe your Influence to ſupport the Honour of Government, you may reſt aſſured that, at leaſt, my good Intentions ſhall not be wanting to render the Adminiſtration beneficial to the People.

To the Honourable RICHARD PENN, *Eſq; Lieutenant Governor, and Commander in Chief, of the Province of* Pennſylvania, *and Counties of* New-Caſtle, Kent *and* Suſſex, *on* Delaware,

The ADDRESS *of the Managers and Treaſurer of the* Pennſylvania Hoſpital.

MAY it pleaſe the Governor to accept our ſincere and hearty Congratulations on his ſafe Return, and Acceſſion to the Government of this Province.

The Bleſſing of Divine Providence, the Bounty of the Honourable Proprietaries, with the Countenance and Aid of the Legiſlature of this Province, and the generous Contributions of our Fellow-Citizens, and others, have rendered our Endeavours, aſſiſted by the benevolent Care of the Phyſicians of this Hoſpital, more extenſively ſucceſsful than, in the firſt Founding of it, we had Reaſon to expect.

A faithful Diſcharge of the Truſt committed to us, in order to continue, and ſtill to extend the Benefits of this laudable Inſtitution, for the Relief of the ſick and diſtreſſed Poor, will, we hope, recommend it to the Patronage and Favour of the Governor, who, we confide, will protect our Corporation in thoſe neceſſary and uſeful Powers and Privileges granted by Charter, and the Laws of the Province.

We wiſh the Governor all the Satisfaction and Pleaſure which reſult from a wiſe and equal Adminiſtration, and from a benevolent Inclination to promote every charitable Deſign for the preſent and future Happineſs of the People.

ISRAEL PEMBERTON,	JAMES PEMBERTON,
SAMUEL RHOADS,	JACOB LEWIS,
JOSEPH MORRIS,	JOHN NIXON,
JOHN REYNELL,	ISAAC COX,
ISAAC JONES,	WILLIAM LOGAN,
DANIEL ROBERDEAU,	THOMAS MIFFLIN.

THOMAS WHARTON, Treaſurer.

The GOVERNOR's ANSWER.

GENTLEMEN,

I ACCEPT with Pleaſure your Congratulations upon my Acceſſion to the Government of this Province, and I heartily thank you for your kind Wiſhes.

I am happy to find that the Bounty of the Proprietaries has concurred, with other favourable Circumſtances, to render the charitable and benevo-

lent Inſtitution, at preſent under your prudent Management, of ſuch extenſive Utility. An Inſtitution founded upon the firſt Principles of Humanity, cannot but recommend itſelf to Favour and Protection: And the Managers and Treaſurer of the Pennſylvania Hoſpital, *may reſt aſſured, that the Privileges which this Charity derives from its Charter, and the Laws of the Province, ſhall want no Support which I am able to give.*

To the Honourable RICHARD PENN, *Eſq; Lieutenant Governor, and Commander in Chief, of the Province of* Pennſylvania, *and Counties of* New-Caſtle, Kent *and* Suſſex, *on* Delaware,

The ADDRESS *of the* American Philoſophical Society, *held at* Philadelphia, *for promoting uſeful Arts.*

May it pleaſe the GOVERNOR,

AS we partake in the general Satisfaction ariſing from your Appointment to the Government of this Province, we wait upon you with our Congratulations on your ſafe Arrival, and our beſt Wiſhes for the Succeſs and Happineſs of your Adminiſtration.

The Experience of the moſt civilized Nations hath ſhewn the Uſefulneſs of Literary Societies for encouraging Arts, promoting a Spirit of Enquiry, and bringing Men of Merit into public View; nor have Crowned Heads thought it unworthy of them to be enrolled as Patrons and Protectors of ſuch Societies in their reſpective Dominions.

Deſirous, in like Manner, of obtaining Countenance from the Powers that are in Authority over us, as well as of manifeſting all due Reſpect to them, the Governor of this Province, for the Time being, is, by one of our fundamental Articles, conſtituted PATRON of our Society; and we ſolicit your Acceptance of this Office with the greater Confidence, as your Character and Diſpoſition give us Reaſon to hope, that you will not conſider the Encouragement of uſeful Improvements in the Province over which you preſide, as the leaſt honourable of the Duties belonging to your high Station.

Signed in Behalf, and by Order, of the Society,

THOMAS BOND,)
SAMUEL RHOADS,) Vice-preſidents.

The GOVERNOR's ANSWER.

GENTLEMEN,

AS I receive a very ſingular Pleaſure, from your Congratulations and good Wiſhes; ſo ſhall I anxiouſly endeavour, by my Conduct in Government, to continue and promote that Satisfaction which you are pleaſed to expreſs upon my Appointment.

The Encouragement of literary Merit is an Object worthy even of Royal Attention, and the Dignity of the moſt exalted Station can, by no Means, be more effectually ſupported, than by promoting the Acquiſition of uſeful and important Knowledge.

The laudable Inſtitution, under your immediate Direction, being particularly calculated to anſwer this valuable Purpoſe, you may depend upon its receiving all the Protection and Encouragement within the Compaſs of my Power; and I beg Leave to aſſure you, that I ſhall not conſider the Patronage of the Philoſophical Society, *begun and flouriſhing in this Province, as the leaſt honourable Appendage to my preſent Appointment.*
